Silly Words

One day I had some silly thoughts,
That didn't make sense to me.
I wrote them down on a list
But could not let them be.

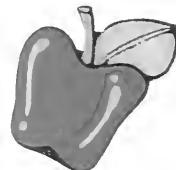

One was why *abbreviation*
Is such a gigantic word.
It sounds like one of the silliest things,
I have ever heard.

Tell me why you drive on a parkway
With a new and fancy car,
But at night you park on a driveway.
That is the silliest one by far.

I wish I knew why the night falls,
And why the daylight breaks.
If that really happens
The sun and the moon must ache!

If tin whistles are made of tin
On which we love to blow,
Then tell me what are foghorns made of.
This I just don't know.

So these are silly phrases
That I just don't understand.
If you have the slightest clue,
Can you give me a hand?
